REMARKS

Wage increases for certain crafts in the Printing and Photography Group were calculated based on Government Printing Office (GPO) increases. Our wage computation guideline is enclosed. Although effective 18 June 1988, the wage changes were received 15 August 1988.

Please note that the machinists did not receive an increase. GPO and the machinists union are still negotiating and our contact will advise me of the outcome. She does not project an early decision.
